This Academic Plan is a semester-by-semester plan for the full-time college-ready student. Part-time students

Program Description: The Mathematics department provides students with a strong mathematical background. This enables them to transfer to a four-year institution as juniors and to be successful in their pursuit of either a bachelor of science or a bachelor of arts in mathematics. Students desiring to teach mathematics at K-12 level, should see the Education Academic Plan.

Admission Requirements: Must meet first-semester course prerequisites.

Department Faculty Advisors: John Johny, Constance Kuchar, Dianne Marquart, Skyler Ross, Imran Shah and Lindsay Steighorst

Associate Dean: Maryanne Angliongto
