Students with disabilities can utilize support services offered by the Accessibility Resource Office

Ethical Behavior Eligibility Requirement

Felony / Misdemeanor Charges: If you have any felony or misdemeanor charges, you are advised to contact the Radiology Director for more information prior to submitting your **dentists in their facilities if a felony conviction is found on their background check, regardless of ARRT ethics board results/investigation.**

The American Registry of Radiologic Technologists (ARRT) ethical behavior eligibility requirements specify that every applicant for certification must "be a person of good moral character and must not have engaged in conduct that is inconsistent with the ARRT Rules of Ethics," and they must "agree to comply with the ARRT Rules and Regulations and the ARRT Standards and the ARRT Standards of Ethics."

One issue addressed by the Rules of Ethics is the conviction of a crime, including a felony, a gross misdemeanor, or a misdemeanor, with the sole exception of speeding and parking violations. All alcohol and/or drug related violations must be reported. Conviction as used in this provision includes a criminal proceeding where the individual enters a plea of guilty or nolo contendere. All potential violations must be investigated by the ARRT to determine eligibility. Further information may be found on the ARRT web site in the handbooks for radiography certification.

Applicants should be aware of this limitation on certification and clinical site rotation prior to entering the Radiologic Technology Program.

If you have concerns regarding your eligibility to sit for the ARRT examinations, please contact the
ARRT at: The American Registry of Radiologic Technologists
1255 Northland Drive

Essential Qualifications for Admission and Continuance

All individuals, including persons with disabilities, who apply for admission to the radiologic technology program, must be able to perform specific essential functions with or without reasonable accommodation.
