Dear Student:

Congratulations on your eligibility for graduation!

Jefferson College is required by the state to assess all graduates with regards to their general education skills; therefore, it is necessary for students to take an exit exam as a requirement of graduation. The exam will assist the college in making improvements with regard to student learning, and the results will become part of th

Ø **REQUIREMENT:** As the Exit Exam is a requirement for graduation, students must take this exam to receive their diploma.

Exit Exam Testing Windows: The exit exam will be administered continuously throughout each semester. In order to graduate in the:

Spring or Summer Intersession semesters, the exam must be completed by the last working day in **April**.
For the Fall or Winter Intersession semesters, the exam must be completed by the last working day in **November**.
For the Summer semester, the exam must be completed by the last working day in **July**.

ETS Proficiency Profile (EPP)

Students completing the **Associate of Arts (AA)**, **Associate of Fine Arts (AFA), Associate of Science (AS)** and the **Nursing RN program** will complete the **ETS Proficiency Profile (EPP)**.
The EPP assesses general education in four core skill areas   reading, writing, mathematics and critical thinking. Students can earn a digital certificate (three levels of proficiency) based upon their test scores.
Students can then list these credentials on a job resume.
The test will take approximately **2 hours** to complete, and students will receive their scores immediately after testing.
The **EPP exit exam** can be completed anywhere as long as you have a computer and reliable internet connection.
For more information, please refer to **www.ets.org/proficiencyprofile/scores/certificates**.

WorkKeys Exit Exam (WKeys) – Must be completed at the Hillsboro or Arnold Testing Centers.

Students completing the **Associate of Applied Science (AAS)** or the **Certificate program** will complete the **WKeys**.
The American College Testing Program (ACT) developed WKeys in the late 1980s as a national measurement scale. WKeys provides a common language for students, educators, individual workers, business, labor and those involved in job training to discuss essential f Q0.0000093nd912 0 612 792 reW*n5B( )-2l W*n1 0ce(tu)7(d)-5(e); thETQ0.00000912 0 612 792 reW*nB/F4 9.96 Tf1 0 0
